QUESTION 10

Which two activities are included in the Fit Gap and Solution Blueprint process flow? (Each correct answer presents part of the solution. Choose two.)

- A. Generate an implementation plan report.
- B. Lead requirements workshops with product demos.
- C. Conduct a project kickoff meeting.
- D. Configure a subset of business requirements.

Correct Answer: AD

A: Fit Gap Your business requirements will be analyzed by using a Fit Gap worksheet, which shows clearly how well your Microsoft Dynamics solution matches your business needs and your existing structures and systems. You will know how Microsoft Dynamics AX or Microsoft Dynamics CRM can be adapted to fulfill your technical and functional requirements. At the end of the Fit Gap process, our consultants will work closely with your business and IT team members to validate the findings and help determine the next steps in implementation.

D: Solution Blueprint Based on the Fit Gap findings, our consultants will prepare the Solution Blueprint, a comprehensive report on the conceptual and physical design of your solution. The report will provide clear guidance on how to meet your needs for systems integration, user interfaces, display graphics, and all the other factors that drive business performance. Finally, our consultants will present their findings and conclusions in person to key stakeholders at your enterprise and answer any questions that may arise. In sum, Fit Gap and Solution Blueprint will provide you with an analysis of how to customize and deploy your Microsoft Dynamics solution. In addition, the report will provide useful input for the next steps toward implementation.
